

SHANNON AND DANA GORBAHN CHRISTMAS LETTER - 2014

Jadyn

Hello it's jadyn, this year has been great!! Seeing you all in the summer was awesome and I miss you all!! I've been working at gone Hollywood lots and have been busy with school and friends. Me and my dad have an agreement if i do good my next 3 tests they're going to send me Victoria to see Taaron and Chloe!!! I've been missing all my brothers lots but also really enjoying being home alone as well... I'm so proud every one of them!! I'm super duper excited for Christmas, and to see Kaleb. Hope everyone has a great holiday and new year!! Love you all!!

What a year! Again, it has been a busy one. We have been so blessed over the year with being able to do so much and enjoying the people around us.

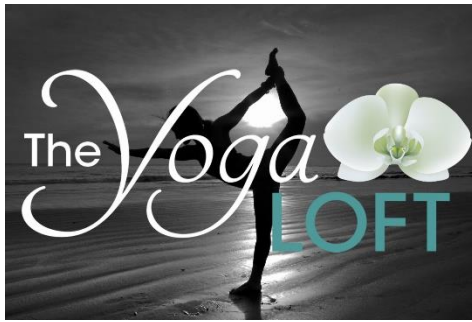

We were so lucky to have last Christmas together with all of the children and Chloe while in Arizona. It was different having Christmas in such beautiful warm weather. We will treasure that Christmas forever. Later in the year we went back to Arizona to take Jaddy to a Katie Perry Concert. We wished that the trip was longer but work and school calls us home. Dana and Kaleb took several trips for Kaleb to play in some golf tournaments. Shannon and Jaddy took a trip to see Chloe and Taaron who they have missed so so much. They were so happy to see each other. We also we very fortunate to go to the Gorbahn's Family Reunion in Utah. This was by far the highlight of the year for the family since we got to see so many of our family members together. It was truly legendary! Shannon and I celebrated our 25th Anniversary and wow – have we ever been blessed with such a great bunch of kids and life together!

Shannon

What a wonderful year it has been. The most exciting endeavour for me was becoming a certified yoga instructor and opening a small studio called The Yoga Loft. It has been quite the journey. But I am loving it so far. The three boys already left home saying goodbye to two this past year has been exciting and wonderful for them I just can't believe how fast it had gone by. My sweet Jadyn my partner in crime thank goodness I still have one left

Taaron

Hello everyone! What a whirlwind this past year has been! On December 22nd 2013, Chloe and I became engaged and life has never been better. Living in sunny Victoria is everything we hoped it be. I somehow managed to score a job covering a mat-leave position at FriesenPress, a self-publishing company here in Victoria. In my time at FriesenPress, I've learned more than I can possibly explain and look forward to the opportunities and connections that I have received from working there. Chloe also got a new job at Scotiabank which she has been enjoying (a lot more than serving coffee at Starbucks!). We are so thankful for all the support and love we receive from our families and we hope to move forward with bigger and better things that await on the horizon. Merry Christmas from Victoria.

Kaleb

Well, this has been an exciting year, I have had some downs but plenty of highs. I had a great graduation year when I starred in the play *Thoroughly Modern Millie*, where I played a character named Jimmy-- a ladies man. It was so much fun to be a part of a Musical with my friends. During my graduation ceremony I received the citizenship reward which means that I was hand-picked from my principle for the person who made a greatest difference in his time in high school. I felt extremely honored that I got this. I had a great summer enjoying my last time in Smithers – I got to represent Canada in the North America Cup and had a great showing at the Canadian Junior Championships – and then off to Holy Cross College in Indiana. This has been the biggest transition that I have ever made. I am thousands of miles away from home and three time zones away. Going through a break up and feeling as if I was on my own... well I wasn't alone. I have made some amazing friends that I will cherish forever. I also have found my new love for golf. I have always loved golf but now I have a drive that I have never experience before. I won my very first college tournament during my first try. Which was a great great experience. I also had the opportunity to play Whistling Straits (hosts the 2015 PGA Champ.) which is a world class golf course that only few get to even see. I was very blessed to have my dad right by my side to watch me grow. I had a really good first day and I was so happy that my dad got to see the golfer I have developed into. Unfortunately, I had a less than stellar second day and I acted poorly. But most of all I was happy that I could turn my attitude around to where I know it should be. I am excited to continue this into the spring. I am still learning so many things but I really feel as though I am becoming a better person in many aspects. I love all of you so deeply. I hope you have a great next year. Merry Christmas!!!!

Dana

I have had a really terrific year. The opportunities to travel and be with my family is what it's all about. Our last Christmas was very special – especially to see Taaron and Chloe getting engaged. She is such a sweetheart and then shortly seeing Kai go off on a mission. I travelled lots this past year. Lots of work but also play. I went on the Guy's Cruise with Luke in Feb. We got to see Uncle Bill and Aunt Rita (wonderful meal and visit). I got food poisoning on the cruise and spent virtually all of it in the cabin. Luke was a great caretaker! My other personal trips included many tournaments watching Kaleb golf at a premier level throughout BC, Ontario, and Wisconsin. The Katy Perry concert with Jaddy was a total blast. And going to Utah to see the rest of the family – thanks Marinda and John. I continue to serve as 1st Coun. In the District Presidency and a lot of other callings. I have been so blessed with a wonderful wife and children. Life cannot get any better!! May you all have a wonderful Christmas and may the following year bring you the greatest of blessings that our Father in Heaven has in store for you.

Elder Kai

Life on the mission has been great! I've seen so many wonderful miracles and know the Lord is looking out for me. I've been blessed with so many great experiences. Right now I am in Gilroy, a small city below San Jose. It's a weird place-- and 80% of the people here speak Spanish, which is hard on me because I don't know any. But I make the most of it! Right now I'm 11 months into the mission. I'm looking forward to whatever may lie ahead for me. Hope all is well.
Love you all.

Gorbahn Challenge

It's been a few years since Luke and I have fished – so for many years I've won this challenge because we've only done the golfing component – however, this year we did and it was a lot of fun. Luke's son, Brett won the fishing pretty handily – Luke did catch some beautiful fish and I caught none – but still was glad to be with them! I did win the golfing component while at the Family Reunion (so I also won the Greater Gorbahn Open). We did not play tennis (even though Luke challenged me but my back was out at the time) – so to declare a winner is difficult; however, it is easy to conclude that Luke never outright won any of the challenges – you decide for yourself.
