

SHANNON AND DANA GORBAHN CHRISTMAS LETTER - 2015

Another year gone and another year closer to retirement. It's been a busy one!! Lots of fun! Lots of work!! So much to be grateful for and we are so glad that you are a part of it!! Lots of trips over the year and as a family we have done the following. At the beginning of the year, Shannon, Dana and Jaddy joined Heidi, Steve, and Ben on a Caribbean Cruise. We got to spend some time in Houston and see how the Texans live. We had such a great time with them.

We went to Florida for a Family Vacation. The Girls shopped and Kaleb and Dana golfed a lot (36 holes a day)! It was good to be with so many of you during Opa's memorial. Thank you all for your kindness and love. Shannon, Jadyn and Angela went to Edmonton for the Taylor Swift concert. Jadyn could have gone to a few different places for it but she wanted Edmonton because of the mall. The rest of the fall was trying to get into school and work and catching up on the bills that acquired with all the fun and activities that we have been doing over the year

Jadyn

This has been quite a year and have done lots. I got a puppy (Louis) for Christmas. He is so sweet. I really enjoyed my trips with my family. Swimming with the dolphins when we went on the cruise was great. Dream come true. The Taylor Swift concert in Edmonton was really good. I liked the shopping at West Edmonton Mall. School hasn't been much fun. I worked at the video store but am now taking a break from it. I went fishing with my dad. I caught one even before my dad even got into the water. Shortly after that, I caught a big steelhead. That was so much fun. My dad is awesome!

Angela

I'm 15 years old I'm currently in grade 10 going to Smithers Secondary School. I was working at Starbucks for 6 and a half months until I quit because I need to focus on my grades and myself for a bit. I enjoy travelling I went to a whole bunch of places in Alberta with my dad for a few summers in a row and this summer I went to a Taylor Swift concert with my best friend Jadyn and Shannon drove us there. It was a great first experience, when I'm older I want to go to Italy with my other best-friend Emily.

Taaron and Chloe

It's been another amazing year here in Victoria. Chloe and I have been enjoying our time exploring the island and finding new and interesting things to do. I've been embarrassing myself on-stage doing stand-up comedy which has been a blast and Chloe was recently promoted at Scotiabank.

I created a web design online course last December and since its launch, I have almost 8,000 students! I truly enjoyed teaching people and showing them how to build website. I've also recently started as a Shift Supervisor at Starbucks and I'm lucky enough to work less than a block away from my amazing fiancé.

Good luck to all of you and keep in touch, we love hearing from you.

Kaleb

Merry Christmas everyone, It has been a very eventful year! I have done really well with golf, I was able to make it to the Monday qualifier for the RBC Canadian open which is a PGA Tour event. I also was able to play in the Canadian Junior for the first and last time being that I am no longer a Junior player. But, my time at Holy Cross College has been the most exciting, after one semester I placed in the top 15 in the NAIA with a scoring average of 71.93. Now, I'm looking onward to something bigger.

Because I played so well this semester I have earned a scholarship at University of Nevada - Reno. Which is a Division 1 school. I start next semester and even though I am extremely excited I'm also pretty nervous, I'm going from a school with 450 students to 20,000, so I guess that is going to be pretty overwhelming but I'm sure it will still be really amazing. It was really great to see so many of you this summer, I know we all love Opa and it's really weird to think that he is gone. It goes to show how important he was to so many people just how so many of us came together at his memorial. I know he is a better place now. I love him and miss him a lot. I miss all of you and love seeing you guys, I'm really proud to be a part of this family and I hope all of you have the great Christmas vou all deserve.

Elder Kai

So I am about to return home after serving 2 years here in the San Jose, California mission! Things have been amazing. As much as I will miss the amazing weather, and as much as I will miss being a missionary, I am super excited to return back home and finally reunite with the family again! Deciding to serve a mission has been the best choice of my life. I've had so many amazing memories. It's weird having Christmas where there isn't any snow, by the way. So everyone... I hope you all have a great Christmas, wherever you might be this holiday season.

Much love,
Elder Gorbahn

Dana

Well – it's been a similar year as others. Other than the family vacations, I have had some special trips with Kaleb.

He mentioned some of them but he missed one of the best ones – for his graduation present, we went to Pebble

Beach. It was a once in a life time because it costs so blinkin' much!! We smiled all day long! I actually played well. Not good enough to beat Kaleb – in fact, that was my goal this summer but I never did. We went to Portland Oregon for the US Amateur Qualifier and flew across the country to watch the PGA Championships in Wisconsin.

Later in the year we got to go to our home in Arizona (Kaleb was being viewed by his new coach) and I stayed longer to do work around the house but that's OK

because I feel so happy when I'm down there – even if I'm working. Kaleb and I went to Edmonton to play in a golf tournament with Luke and Travis. It was fun to be a part of their team. I have been busy with work. I manage 5

businesses and one of those business have 2 social enterprises. I have been appointed to be on our local Economic Development Association Board and Small Business Task Force. And I still continue to serve as 1st Coun. In the District Presidency. I am so grateful for the blessings that have been bestowed on me and my family. My wife and children are the world to me. I wish you all the greatest time during this Christmas and hope that life will bless you with all that you need and desire!

Shannon

I have been so busy over this past year. It's fun teaching it. I enjoyed going with the girls to Edmonton except for the radar photo ticket that I got. I also enjoyed going to watch Kaleb play a college golf tournament and then take him to visit some other schools that were interested in him transferring to. Got to see Marinda and her family. I love my yoga studio and being a teacher. The business is growing.

We renovated one of Dana's business' buildings to have my new studio. I now have 2 studios and 4 instructors. It's been a lot of fun.
