

Shannon and Dana Gorbahn Family Christmas Letter

Merry Christmas to all of our Friends and Families – We wish you all the best for this season for the years to come! We love you and wish the greatest of blessings from above!!

Jadyn: I had a topsy turvey year. I love being with my little dog Louie. I got a regular job working at Mark's Work Wearhouse. This has been good for me, since I love clothes and spending. Now I make the money in a clothes store and gets deep discounts when I buy them. I continue to learn the piano and my mom and dad say that they think that I can play it so beautifully. I miss my good friend Shae who now lives in Victoria. I am trying to convince my mom and dad to let me

move down there to continue my high school and work. My favourite memory of this year was being with Chloe at her wedding to Taaron. She was so beautiful and sweet!! I went down to Arizona with Mom for a few weeks. It was a good time swimming in the pool and shopping. Dad and I went out fishing again. He beat me and caught the only fish. I want to do that with him every year for the rest of my life!! Have a great Christmas everyone!

Kaleb: Merry Christmas everyone! I hope all of you have a great time with your loved ones. As most of you know I was at a small school in Indiana for the last two years playing golf. Well I am very happy to say that I left Holy Cross College to go up to the higher level of the NCAA. I decided to go to Nevada and I couldn't be more pleased that I made that decision even though I miss my friends I have made many great ones here in Reno. A major highlight was watching my brother get married to an amazing woman. I was so happy to be a part of it, to see how much they love each other was truly inspiring. I know they will be happy together for the rest of their days, the only downside was I had to leave to go back to school. Once I finished my last semester at Holy Cross I came home and was happy to be with my family again. I worked this summer at the golf course waking up early and cutting the grass. I learnt a lot this summer about course maintenance, it was cool that my boss was able to show me exactly what goes into making a golf course as good as it can be. I also played a lot of golf tournaments this summer and had a lot of solid finishes, however the highlight of not only the year but maybe my life in golf happened this summer. I qualified for the US Amateur, which is the oldest event in the US where the best in the world go to compete for a nation title. It was an amazing experience and I was very happy that I could share the achievement with not only my old man on the bag, but Uncle Luke and Brett came to watch me in the qualifier. At the end of August I then went with my dad to Detroit where the tournament was hosted. I may have felt a little nerves and I may have not played very well because of it. However, the experience was so amazing and I can't wait

to get back and play better next time. I then started my Junior year at Nevada and I am enjoying playing golf with the best players in the country, I had some highs and lows throughout the semester but the highlight of my college career was coming second in my second Division 1 event. I played well throughout the tournament but struggled early in the final round and put myself behind the 8 ball, and couldn't make it all the way to first, but I battled and got the second place. There were so many great things that have happened to me the last year and I wish I could share it all however I guess I have to save room for my siblings. Merry Christmas everyone and have a great New Year. Love Always

Taaron: Hello everyone! Another wild year of random adventures and big changes in Victoria. As most of you know, Chloe and I got married in March in Victoria. We're so happy to have found each other and we're excited about the fact that we get to share the rest of our lives together. In July, I started a new role as the Digital Marketing Manager at RingPartner -- I love my job and the people that I work with. In September, Chloe started the Legal Office Administration program at Camosun College and has been working hard to graduate this spring. We're so thankful for our families and friends and we hope you all have a wonderful holiday season!

Kai: I've been home from my mission since January. Almost a year home! A couple months ago I was able to go and visit my mission. It was great to again see the people I came to know and love there. Living with my family has been extremely wonderful, and I have an amazing girlfriend, Samantha. I've been working for my parents at our video store, but I also have had a couple jobs being a waiter to get serving experience for when I move for college. I did get accepted into the Camosun Business College, in Victoria, but I am re-thinking this and choosing a different career. Who knows what the future holds! Both Sam and I plan on moving in the spring. It will be great to be in Victoria and see Taaron and Chloe more often!

Shannon: It's been quite the year for me. Always worrying about my kids and making a video store and Yoga Studio expand. We got fully set up in our new space that we renovated for the yoga studio. We've expanded the amount of teachers and types of yoga/activities. It's always so nice to have such great customers that enjoy my classes. I teach virtually every day (except weekends) from 1 to 3 classes a day. I went to some training in the Lower Mainland, the Okanagan and in Arizona. It's been a challenge but has been very fun! My favourite memory of the year is like everyone else; Taaron and Chloe's wedding. I love Chloe and her special love for my boy. It was such a

beautiful wedding!! I serve in the Young Women's Program – Only 3 girls. With many of the kids gone; I am so sad that my babies are leaving. One bright spot though, is that I can't wait until Christmas and I will have all of my babies under the same roof. It will be so great!

Dana: What more can I say? One more year closer to retirement? I've certainly had an eventful year. Lots of travelling (for work and not). I continue to manage the many businesses and all are doing well. I'm lucky to have good people in charge. I'm also on a couple of Board of Directors and am involved in Provincial Committees for various things with the Social Services Sector. I continue to serve as the 1st Counsellor in the District Presidency. I spent my 50th birthday in the hospital with a liver and bowel shut-down/malfunction. Don't know what caused it but I'm glad that it's over with. I have never recalled such pain in my entire life. I've enjoyed my several events with Kaleb and being his caddy. The most exciting was certainly when he qualified for the US Amateur – and being at the Amateur was a real experience. It was great hanging with Kaleb for those few weeks in the summer and seeing how far he has come and is coming with his golf. I went to Arizona a couple of times to work on the house and do some golfing. I got a good taste of what retirement will look like! With one of those trips, Kai and I first stopped in San Francisco to watch Kaleb play a college tournament at Poppy Hills. My brother Mark came to watch and then we played golf together. I love fishing with Jaddy. I really got to make more time to that with her! She really can cast and read the water. Like everyone else – my highlight was Taaron and Chloe's wedding. I am so happy that they are together and know that Chloe is so good for my little Grizz. She is such a sweetheart. I am so happy and proud of them! I am so proud of all my children and wife. We are truly blessed! Luke came on the wrong weekend for the Gorbahn Challenge and so on the actual weekend that it should have, I caught my first steelhead in many years – but it's good enough to win the challenge!

We love you all and wish the very best for you, always! With all our love,

Dana, Shannon, Kai (and Sam), Taaron and Chloe, Kaleb, Jaddy, Frost, and Louie!
