

Shannon and Dana Gorbahn Family Christmas Letter

2018

Merry Christmas to all of our Friends and Families – We wish you all the best for this season for the years to come! We love you and wish the greatest of blessings from above!!

Jadyn (jadyndanika2000@gmail.com): Hello Gorbahn family! 2018 has been one crazy year filled with so much. Starters I moved out and got my own place up in the apartment above Gone Hollywood. I started a new job at one of the nicest restaurants in Smithers Blue Water Sushi. I was a hostess wanting to eventually waitress but once they decided to “throw me into the wolves” as they say and actually waitress... it was way too much for me and hosting was hard enough there. It was a crazy busy place and I handled a lot of things like sitting people, managing reservations, managing take outs, doing payments, lots of cleaning, and the hardest of them all... clearing tables.

Which wasn't even my job. But since finding tables to sit people at is my job I needed to clean tables. So... then my boyfriend broke up with me and I went through a really hard time by myself. But then my childhood best friend of 10 years who moved to Smithers from Comox hung out with me one day she just ended up staying with me up every night. This was the most amazing thing to happen to me. She stayed with me up until she decided she wanted to move back home. And the thought of her leaving was just not okay. And with Smithers being Smithers and me not enjoying my job as much. I decided to move with her to in 15 days. My parents were not happy. But they eventually pulled through and my dad drove Cassie and me to Comox! I was so insanely happy to be there. It was so beautiful there was the ocean, sun, shopping, and Victoria was only 2 hours away which meant I could go visit my Langford friends and my big brother Taaron as often as I could. I even got a job at Greek restaurant. But then that only lasted 10 days until Cassie's parents decided it wasn't going to work out. Even though I promise I was a very good girl. I helped around the house all the time and was very quiet and very respectful. Anyways... I had to tell my parents they told me so and I moved back to Smithers. Which hasn't been too bad so far. I've got my Louis, my lovely parents, and my really awesome friend back. I've been working for my dad at High Roads as an assistant. And now I spend a lot of time with my friends and especially my best friend Chelsea. 2018 has been one good year but I'm going to be happy when it's over because 2019 is going to be the year for me I know it. My plans are to move to Calgary with Kai and Louis and start a fancy waitressing job downtown and save lots of money so I can travel. Along with finally finishing school considering I was supposed to graduate last year. Now let's just pray that 2019 will be the year for everyone. And MERRY CHRISTMAS! I hope where ever you are there will be lots of snow while I'll be in sunny Arizona in our heated pool thinking about what mall to go to. I love you all so much and I cannot wait for our next family reunion and I really hope to see you all ☺

Kaleb (gorbahn.kaleb@gmail.com): Hey everyone, Merry Christmas. Boy it's been a great year for me and I hope all of yours was too. With the support of my family I was able to start my professional career and I am learning more and more each day. I was able to go places I never thought I could. This last summer I was playing on Team BC and it was really cool representing my province at the national stage. The biggest highlight was being able to go to South Africa to play a professional tournament there. What an interesting place it was. Also, I am graduating from college which has been a long time coming.

There were many times that I never thought I'd finish but with my amazing parents cheering me on I am happy to say I have finally completed it. I look forward to now be able to fully invest myself time in my professional career and I hope you all get to see me on TV sooner rather than later. I'll be moving to Phoenix here in a couple weeks, excited to be able to wear shorts every day and work on my craft. I love you all!

Taaron (taarongorbahn@gmail.com): Happy holidays everyone! It's been another fantastic year of professional growth, personal changes and tackling new challenges head-on.

Work continues to be the most amazing opportunity I can possibly describe. I'm very lucky to have found my way with amazing people doing work that brings me joy. Huge shout out to Travis who made it all possible.

Life in Victoria is more incredible than ever. Though I mostly stay laser-focused on my career and personal development, I like to spend the evenings going to stand up comedy shows around the city and meeting new people. If you're ever in town, let me know and I'll find us a show to go!

This past year has been a wild ride. And more than anything, I'm grateful for my family. Their values, knowledge, love and support are so treasured and I'm thankful for the strength they give me each and every day. Until next year!

Kai (kaigorbahn@gmail.com) : I have been so blessed this year. I moved to Calgary in August and things have been going so well for me! Right now I work as a server at Boston Pizza and I really enjoy my job. I have applied to the University of Calgary and am currently waiting to hear back from them. I want to be an English teacher and U of C has an incredible program that I am hoping to be enrolled in. I am looking forward to the New Year and seeing what incredible things the Lord has in store for me. Love you all. Merry Christmas.

Shannon (gorbahn@telus.net): It's been another busy year for. Worry about my kids and working at expanding business. We started the year with installing a salt float pod in a new section at the yoga studio. Learning about the chemistry and maintenance was a process but I got it under control now. I have really enjoyed the people that I meet and work with through the yoga studio, Earthescape (salt float), and the video store. We decided to close the video store (not because it wasn't making money) but because all of the kids were going to be gone; we wanted to downsize and we had people saying that they wanted to rent the space. Once we closed, nobody stepped up to rent it – go figure! Dana and I went to Florida to watch Kaleb play in the USGA Four ball Championships. That was fun. We then went through the process of liquidating the video store. That was quite the process. Over the summer I had a quick trip to Quesnel Lake with some old friends and got to enjoy some time being off the grid and enjoying nature. Later in the fall, Dana and I went on a cruise to the Caribbean

with some friends. Weather was great and we got to do a few excursions including swimming with stingrays. We had a great time. We are looking forward to Christmas in Arizona again. We will have all of the kids with us. I'm so excited and love to have my kids around.

Dana (par@telus.net): Well – I still talk about retirement. Will it be this year? Not sure. It was another busy but exciting year. Work continues to bring lots of challenges and opportunities. We finally created a 19 apartment building that took us nearly 10 years of bureaucratic jockeying to complete but I'm pretty proud of that. I got released from the District Presidency

and am called to the District Council and 1st Councillor in the Branch Presidency. I got to spend a lot of time with Kaleb and his golfing. I got to go on a cruise with my mom. It was so nice to spend so much time playing Canasta and eating way too much food. I really enjoy caddying for him – and I think that he likes me being on the bag as well. We had some really great success in both the BC and Canadian Amateur. Some exciting times as Kaleb went through the various stages of the Web.com Tour Qualifiers (Reno and just north of San Diego). I also had my regular trip to Arizona to get the house ready for rental

season. My buddies joined me for some good golf. Like Shannon, Luke, Brett and "Adam" came fishing. I only got to go out for a partial day with them but so glad to keep that going. Lucky Luke caught the same fish that Brett and I had earlier hooked. Because of our earlier work – it was so tired that Luke was able to drag it with no drag set. You can even see in the picture – my fly still in its lip. I am looking forward to Christmas

with all of our children!

We love you all and wish the very best for you, always! With all our love,

Dana, Shannon, Kai, Taaron, Kaleb, Jaddy, Frost, and Louie!
