

Dana and Shannon Gorbahn Family Annual Christmas Letter - 2020

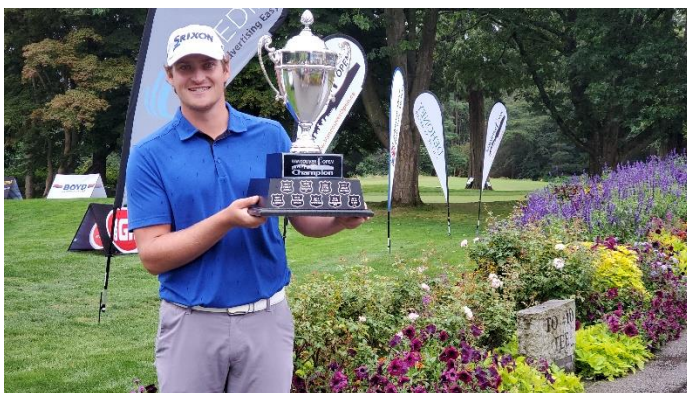

Hey Everyone,

It's great to have this opportunity to share with you are family's experiences over the past year. We found this crazy and unusual year – just that CRAZY and UNUSUAL. This doesn't mean that we didn't do anything but the restrictions have sure made things limited and sometimes a complete pain. We look forward to the COVID-19 spectacle to disappear.

Jadyn: Hello everyone! Just a few months ago I moved back to Smithers from Calgary. I'm happy to be back home but I sure do miss Kai more and more everyday. I hope to make a trip to see him sometime soon. I've been working full time at one of our grocery stores Bulkley Valley Wholesale. Which is where I worked last summer for a few months and I love it there SO much! Everyone that I work with and for are so awesome! I've also been working at a sushi restaurant called Masa Yama on my days off. So I've really been enjoying staying busy and mostly making the money. My best friend Chelsea and I are now roommates and we live literally right across from my parents! Which I LOVE!!! I visit them every single day! I'm in love with our new home and I'm so thankful for my parents... They're the best landlords;) but yeah that's basically my life right now! I'm feeling the best I've felt in a really long time! I'm so thankful for my family and friends! I hope everyone is doing well and I hope you all have an amazing Christmas and a happy new year! I love every single one of ya!

Kaleb: Hello everyone! Merry Christmas. I hope you are all doing well and are in high spirits this Christmas season. This is always fun to write to you all because it gives me a chance to reflect. As most of you know my life has always seemed to revolve around my golf and that is no exception this year. This has been a great year for me and my time playing professional golf. I got my first win about 12 months ago and was able to tack three more wins. Highlighted by my win at the Vancouver Open where I had the old man on the bag. It was special for both of us and I was happy to share that win with my dad. Covid has made it difficult for my golf career, just as it has made it difficult for everyone. I hope everyone is staying healthy and looking forward to a new calendar year. I know I am! This year I will be doing the same

thing, travel as much as I can and play tournaments. My hope is to start progressing through the proper stages to find my way to the PGA tour. I now have another sponsor who is going to help me in that journey along with my extremely thoughtful parents. I plan by this time next year to be on the Korn Ferry Tour, but I know if it doesn't happen this year it will happen eventually. I will continue grinding and work to get better each time I play. I love you all and Merry Christmas!!

Taaron: Happy holidays everyone! While it's been a strange year for us all, it's given me the opportunity to focus on my career and reflect on the things that matter most, like family, friends, hobbies, and hard work.

I've had so many amazing opportunities this year with work: from helping to organize a big trade show event in Vegas, to hiring and training new team members. I'm thrilled with the work I've done this year and I'm looking forward to continuing to grow my career.

This past year has been a lot of fun, even while being isolated! In the evenings, I've been spending my time playing video games, watching old movies and tv shows and learning how to cook. Over the summer, I went on an unforgettable road trip to

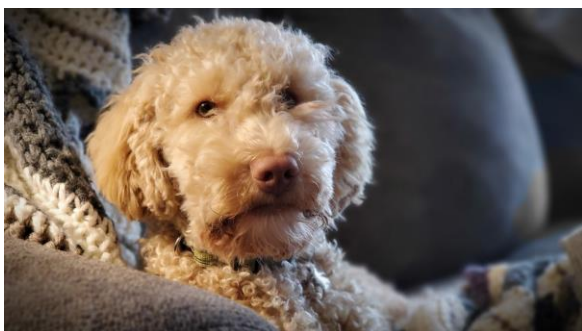

Shuswap Lake and in the fall, a mini trip to see my family where I caught my first ever Steelhead!

Victoria continues to be an amazing city and I can't wait to see what 2021 has in store for all of us. Until next year!

Kai: Merry Christmas, my dear family and friends. This year was a change-up; and without work, I've devoted the time to pursuing my artistic endeavors. My friend Ryan (in the picture with me!) is a friend of mine that I met while working in the restaurant industry. Together we began a musical collaboration. We called the name of our band "Save the West" -- and now, almost one year later, we have an EP and an album slated for a January and February release. I can also claim fame to being an "actor" according to IMDB, for starring in the film "Wanderlust" which, fingers-crossed, should be released in 2021. But who knows what the future will hold! All I know is that I love you all and I'm grateful for every day we have. To experience joy, friendship, and

laughter; and to continually grow and appreciate the loving bonds between all of my beautiful and loving family members. I feel incredibly blessed to be where I am today and look forward to the future...whatever may come. I know Jesus Christ is with me at all times, and this always gives me strength and courage in the face of uncertainty. All my love, Kai.

Shannon: Considering what a crazy year of 2020 I was able to do many things. Right before the shutdown we got

Oliver the love of my life. He is just an adorable puppy and brings so my pleasure and fun to our lives.

I made a couple trips to Penticton to see my mom as she fought a courageous battle with Cancer. We lost her early July.

In the summer was able to take my 300-hour yoga teacher training in Texada Island for an amazing experience with 3 fabulous people. On my way I was able to see Dana's mom and sister Heidi and spend a week in Vancouver with My sister.

Love and care for you all have a blessed Christmas.

Dana: I've had some wonderful experiences over the past year. The grandest was a trip with Kaleb to South Africa for his golf. I had always wanted to go to there. In fact, I had always thought that my mission was going to be served there. I don't know why but I just did. The trip was more about golf but we did get to do a self-drive safari. We made the trip just as COVID started. Shortly after returning, I found myself in jail with my wife (community lockdown). We tried to make the best of it. At least we had our new little puppy (Oliver) to enjoy - along with doing puzzles. We started having church at home which then lead to zoom meeting from our little Branch. I did a lot of renovations around the house. I put a screw through my finger which delayed my golfing season. I think that it helped with my chipping in a weird way. The summer was basically: golf in the mornings; time at the office; renovating; yard maintenance; and doing some woodworking. My semi-retirement has been very good to me. My best friend Richard came with his daughter to go fishing in the summer. It was great to see him. I was a bachelor during Shannon's month long training. I took a few trips to Calgary to help with Jaddy and Kai (and renos); trip to Edmonton for Brett and Jamie's wedding and the Luke Gorbahn Golf Tournament (Travis being the Net Winner with fine play). I might add, that this was Luke's opportunity to beat me -

which he didn't. Kaleb called me up to say that the Vancouver Open was allowing caddies and asked if I wanted to caddy for him – HECK YA! So I went down and had the privilege to see him play such amazing golf to win the biggest pro tournament of his career (SO FAR). The fall was very consumed with the renovations of the house that Jadyn moved into. We expected her to be in at the first of September but it wasn't until well into October. I guess I should have hired someone to do the flooring, tiling, painting, and finishings. Maybe we would have got that done quicker? But it is done and we are so happy that she lives across the street in a beautiful house; and that she comes to say hi to us each day! We will be doing the outside siding this coming year. Once the golf course closed – it was steelhead fishing time (although we got to do some fishing with a good friend from Kitimat during the summer). I've been going out fishing as often as I can – even when it is minus 16 degrees Celsius.

I've enjoyed seeing my family on Zoom calls through out the year. We gathered the kids home over the US Thanksgiving weekend to have an early Christmas because Kaleb needed to be in the States at the end of the year. Unfortunately, Kai (and his cat Kali) were unable to come - that's why he isn't in the family picture at the beginning of this letter. We zoomed him in during the Christmas reading and present opening. And then when he got his package at home, we zoomed his opening of presents. We have such wonderful children and we are so proud of them!! We wish you all the most wonderful Christmas and may the Spirit of the Lord and His Atoning sacrifice be a blessing in your life!

Gorbahn Challenge: Like I said earlier – Luke was unable to beat me in this year's golf challenge; and from the following pictures, you'll notice that there are no pictures of him holding any steelhead. I, on the other hand am hold fish – in fact, it would be too malicious for me to include all of the pictures of the steelhead I have caught this year. I have been infuriating him regularly while I am out on the river with a text picture of me fishing asking him "Whatch doing?" I do that while I'm on the golf course as well!!

We love you all and wish the very best for you, always! With all our love,

Dana, Shannon, Kai, Taaron, Kaleb, Jaddy, Frost, Louie, Oliver, and Kali!
