

Dana and Shannon Gorbahn Family Annual Christmas Letter - 2021

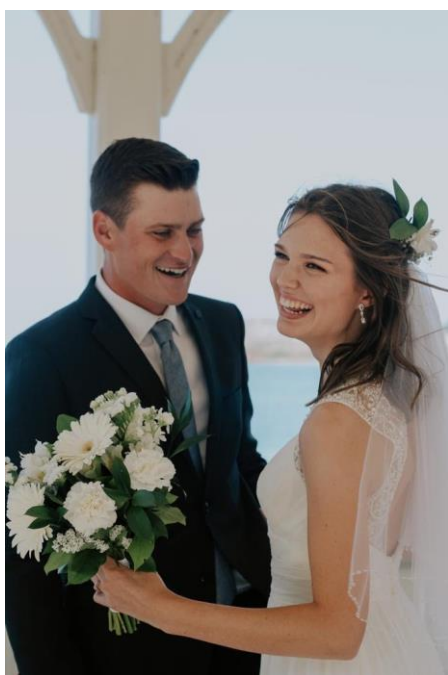

Hey Everyone,

Last year at this time, I thought that we might be out of this crazy world being effected by the COVID-19. Even with all the crap that comes with it, we are trying to live our lives as best as we can. The question is, "When will it end?" However, we truly have been blessed over this past year and are very happy to share with you the things that we have done and experienced.

Jadyn: Hello Gorbahn family! I hope everyone's doing well. It was a very exciting year, all of us were able to meet in Toronto to spent some time with the Mosimanns before having a precious little wedding for Kaleb and Lauren! Lauren's an absolute darling and she's just so beautiful inside and out. We couldn't be happier to welcome her to the Gorbahn family and we're so bless to be a part of the Mosimanns, they're such an amazing family. I'm SO happy that Kaleb and Lauren found each other, they truly are perfect. Just recently I was able to visit Oma. Kaleb picked me up from the airport and drove me all the way to Abbotsford, I was so happy to see his face. It was such a special trip. I got to flip through all the photo albums that I could find, read and hear Oma's stories, and even got to see Aunt Heidi! After that my dad and I visited Taaron on the island and I got to meet his awesome friends, I loved it all so much. I also was able to be in Calgary for Kai's birthday. Save The West did

their first live show and Taaron and I got to be there for it. It was legendary and they did absolutely amazing. I can't wait for more. I'm so grateful to be able to do these things and I'm so lucky for the family that I have. I'm excited for the new year and I can't wait to do the things that I have planned. I hope everyone has a wonderful Christmas and I love you all so much!

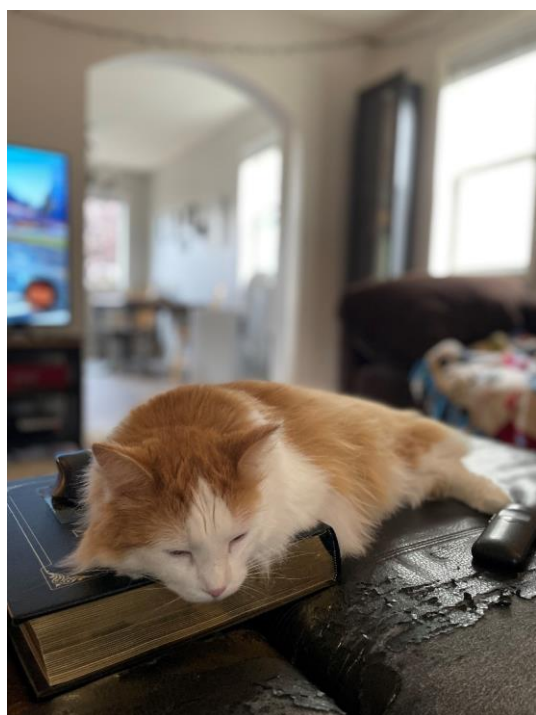

Kaleb: Hello everyone, Merry Christmas and Happy New Year, this year I actually get to say something interesting that doesn't involve golf. On August 23rd I had the privilege to marry the most beautiful, kind, smart and funny girl in the world. I am so very excited for you all to meet her; we've been enjoying the time we do have together. With my golf, I am still traveling a lot which makes it tough in the early days of our marriage. Lauren is extremely supportive of my dreams and understands the sacrifices that come with it. She will be remaining in Ontario with her

family while she finishes her schooling. Once she finishes, in a couple years we will have a better idea on our plans. Our wedding day was very special; we planned it a week after we got engaged since we didn't see the need to prolong the engagement. My parents and siblings were so awesome to be able to drop what they were doing last minute and make it out to Niagara to watch it happen. Lauren and I are both so blessed to have the people around us that we do. Golf wise, this new year comes with great excitement as I gained tour status on the PGA Tour Latinoamerica. Starting in the middle of February I will be heading to travel South America to chase my dreams. This will be the best tour status that I have ever had and can't thank all of you enough for the support and well wishes. Love you all and Merry Christmas!!

Taaron: Happy Holidays to all! 2021 has been a wonderful year for me. Work, as always, is fulfilling and challenging. I'm lucky to work at a company that has thrived throughout the pandemic and blessed to work in an amazing industry. With all friends getting vaccinated, I've started hosting dinner and game nights again. I have amazing friends and was lucky to do several trips this year with them up island for fun

times, food, and games. 2021 has been the year that I've rediscovered my love and passion for **GOLF**. After years of declining polite invitations from my best friend, I finally played a round in spring and have been hooked ever since. Once again, I'm so very blessed to have *Travis* nearby. We have played many rounds together this year at Bear Mountain where he is reigning champion (net). We both traveled to Kelowna for "The Gorbahn Open". I played my best but, unfortunately, came in near the bottom of the leaderboard. After training hard and getting a new set of Srixon clubs, I had a head-to-head challenge against the old man where I gave him a run for his money but nonetheless walked away again, defeated. I'm really proud of my progress and looking forward to a lifetime full of golf. In the meantime, I'll be training hard to beat my dad at Victoria Golf Club where I've been accepted to become a member.

Speaking of amazing golfers, it was an absolute joy to attend Kaleb's wedding and I'm so excited to welcome my new sister-in-law to the family! Having our family together for such a wonderful occasion was spectacular and witnessing their eternal love for each other makes me happier than I could possibly express. Love you all!

Kai: Merry Christmas everyone! I'm still living in Calgary, working as a server at Milestones. Things have been going well. Expecting it to be very busy for the holiday season. I got a new roommate and that's also going well! My cat, Kali, turned 2 years old. Still acts like a kitten, though! Very playful. I continue to pursue music in my spare time. All my best, Kai

Shannon: Merry Christmas to our beautiful family and friends. It has been a good year full of surprises and some detours, looking back we have had some amazing memorable times. Highlights would include Kaleb's engagement and marriage to Lauren, trips to Florida and Arizona and a visit from our foster daughters Sabrina and Jazzmine and getting to meet this little muffin, Dakota. She is adorable just like her mama. I continue to teach yoga at our studio even through all the closures and mandates we continue to hang in there, grateful for my two devoted teachers who have also stuck it out and continue to teach and so much love for our pup Oliver, he is just the best, brings a lot of joy in our once empty nest. May you have blessed new year and it be filled all your dreams.

Dana: Shannon and I decided to try a quick trip to Arizona in the January. We thought that it would be worth the week there and then a 14-day quarantine at home. It was great to go but we are not sure about the quarantine. Even though I thought I was going to slow my life down, I had another opportunity to grow my business and was awarded another contract. We needed to purchase a new place for the group home. There was quite a bit work to be done but with a great supervisor and staff, we have developed a very responsive and supportive home. Our family applied for Family Feud Canada. We advanced on through the selection process to be interviewed; and was then asked for our availability for specific dates for filming. Unfortunately, we couldn't make it work but we are told that there could be other opportunities. It was a really fun process. I played in my first competitive golf tournament in 17 years. It was the BC Senior Championships in Kimberley. I played a practice round there with my brother Luke and his wife Julie. My good friend

Lon Hansen was my caddy for the tournament. He was great. I really hit the ball well but I just couldn't putt. My goal was to make the cut; which I did because they had no cut! I'll play it again this coming year. After that, I was very glad to meet up in Kamloops with Luke and his boys, Dave (my brother-in-law), and Taaron to play a few rounds of the Luke Gorbahn Open. That was a lot of fun! On the Sunday, Luke and I drove to be with our mom. The summer special event was going to Niagara for Kaleb and Lauren's wedding. It was such a wonderful wedding where they both gave me the privilege to bestow priesthood blessings upon both of them. Right after that,

Shannon and I went back to Arizona for our 32nd anniversary. We enjoyed some relaxation in the backyard. We thought it was going to be just a quick trip but we were wrong. Our COVID test never got back in time so we had stay another 10 days because of lack of flights into Smithers. So we decided to redo the flooring in many parts of the vacation home. We worked well together and got it done. Once

we got home it was time for Jaddy and I to catch some fish. Well – there was none. In fact, later in the year, they closed the river fishing all together. There goes my fall escape. I got to caddy for Kaleb at the ATB in Calgary. It was great to stay and be with Kai. Friends and family came and supported Kaleb during the tournament. Shortly after that, Shannon and I headed to Miami for a cruise. We stayed right on Miami Beach. Very expensive! We went early to get the extra COVID testing. The night before the cruise, we got a phone call telling us that we couldn't get on the ship because their insurance only covered Americans. What a shock and disappointment! Shannon spend hours on the phone trying to then cancel our family cruise with the same company that was scheduled for the end of November. At first they were going charge us nearly \$1000 but Shannon talked with the supervisor of the supervisor. We then flew back to Arizona (which was part of the plan but not so early). We got gym

memberships there because we had been eating way too much food. We also did some yard work and transplanted and planted new palm and fruit trees in the backyard. Again, some more great relaxation in the backyard/pool and visiting with friends. I had a quick trip to see my mom with Jaddy in the mid fall. Briefly saw Kaleb before he headed to Q School. And then went to Victoria. Two great rounds of golf with Taaron (one with Travis). Taaron thought he was going to beat his dad – but it didn't go his way. I gotta say though, he's going to beat me soon!! We now we have no plans for anything. I keep dreaming but we just don't want to deal with all of the stupid testing and the stresses that come with it. My work has been struggling with staffing shortages. We lost 24% of our staff because of the Vaccine Mandate. It's tough times right now with these things happening. We are going to only have Jaddy home for Christmas. It's going to be weird but we know that our

children are close to our hearts. I am so blessed to have a wonderful wife and terrific children!

Gorbahn Challenge: Because the rivers were closed, Luke did not come over to do any fishing but I did beat him at the practice round for the BC Senior Open and the three rounds at the Luke Gorbahn Family Golf Tournament in Kamloops. So I'd say that would conclude me as the winner of the Challenge. The picture here is of a fish that I caught last year on Christmas Day!

We love you all and wish the very best for you, always!
*With all our Love - Dana, Shannon, Kai, Taaron, Kaleb, Jaddy,
 Frost, Louie, Oliver, and Kali!*
